

REQUEST FOR DOCUMENTATION PACKAGE

To allow Avatar Engineering to assist you in an efficient manner, please provide as much of the following documentation as possible. In some situations, retrieving this documentation from previous vendors may prove to be a cost-saving option.

PCB Design Files

<input type="checkbox"/>	Gerber Files	
<input type="checkbox"/>	ASCII Output from PCB Design Tools	
<input type="checkbox"/>	Netlists	
<input type="checkbox"/>	PDF Documents	

Schematic

<input type="checkbox"/>	Output Files from Schematic Entry Tools	
<input type="checkbox"/>	PDF Documents	

Assembly Drawings

<input type="checkbox"/>	Reference Designator Detail	
<input type="checkbox"/>	X,Y Centroid Component Data	
<input type="checkbox"/>	PDF Documents	

Bill of Materials

<input type="checkbox"/>	Manufacturer	
<input type="checkbox"/>	Manufacturer Part Numbers	

Mechanical Detail

<input type="checkbox"/>	Output from 3D Modeling Tools	
<input type="checkbox"/>	Other Formats such as: DXF, STEP,IGES	
<input type="checkbox"/>	PDF Documents	

Custom Component Details

<input type="checkbox"/>	Specifications	
<input type="checkbox"/>	Mechanical Drawings	

Program Information

<input type="checkbox"/>	Source Code Text Files (with any support documentation, manual, flowchart)	
<input type="checkbox"/>	Compiler/Assembler Information	
<input type="checkbox"/>	Libraries	

PLD Files

<input type="checkbox"/>	JEDEC or Hex Files	
<input type="checkbox"/>	Equations or Schematics	

Sample / Example

<input type="checkbox"/>	Complete Working PCB	
<input type="checkbox"/>	Enclosure	

Test

<input type="checkbox"/>	Functional Test Fixture	
<input type="checkbox"/>	Test Procedure
